About

I turn consumer insight into campaigns that people notice and brands can measure.

I am a PGDM Marketing student at the School of Innovation and Management, Hyderabad. Over the last six months I have worked on digital marketing for a D2C personal-care brand and on a field research project for an FMCG distributor.

• Planned a 10-week Instagram and email content calendar that lifted engagement rate from 2.1% to 4.3%
• Ran three Meta campaigns on a ₹25,000 budget and cut cost per lead by 22%
• Surveyed 180 consumers across 6 retail clusters and presented a pricing recommendation to the regional sales head

Looking for: digital marketing, brand management or marketing analytics roles with consumer brands, agencies or tech companies.

How we doubled engagement in 10 weeks

Rohit Menon
PGDM student · 2w

We doubled engagement on a D2C brand's Instagram in 10 weeks. No viral trick, just three habits:

1. We posted fewer formats but tested them every week.
2. We reused the best follower comments as content ideas.
3. We reviewed analytics every Friday and dropped whatever did not work.

Marketing is a loop of idea, test and learn. Which habit has worked best for your brand?

Nikhil Sharma
Founder, Veda Naturals · Supervisor

Rohit took ownership of our Instagram and email channels from week one. His campaign data helped us shift budget to the best-performing audience.

Prof. Deepa Nair
Faculty, SoIM · Professor

Rohit combines creative thinking with discipline. His brand revival project was well researched and presented with confidence.
