School of Innovation and Management (SoIM)
Post Graduate Diploma in Management (PGDM)

Course Outline **PGDM (2026-28)** **Trimester – IV**

Course Code:	Course Name: PERFORMANCE MANAGEMENT	Course Credits: 03

Faculty: Dr. Subha Gora
Email.ID: subha.gora@gmail.com

Course Overview

Performance Management introduces students to the principles and practices used to plan, monitor, develop and evaluate employee performance. The course emphasizes alignment of individual and organizational goals, performance measurement, continuous feedback, employee development, fair appraisal and the role of HR in building effective performance systems.

Course Objectives:

• To develop an understanding of the scope, significance and strategic role of performance management.
• To enable students to design performance goals, standards and measures using KRAs, KPIs, SMART goals and related tools.
• To build competence in monitoring performance, giving feedback, coaching and supporting employee development.
• To develop an understanding of appraisal methods, assessment systems, rating issues, team performance, rewards, and legal and ethical considerations.

Course Learning Outcomes:

After successful completion of the course, students will be able to:
CO1: Explain the foundations, scope and strategic significance of performance management.
CO2: Develop performance plans and measures using job information, KRAs, KPIs, SMART goals, competencies, CSFs and Balanced Scorecard concepts.
CO3: Apply monitoring, feedback, coaching, counselling and performance improvement approaches to workplace situations.
CO4: Analyse and apply performance appraisal and employee assessment methods while recognizing rating errors, fairness, legal and ethical considerations.

Assessment Tools for Learning Outcome

Learning Outcome	Assessment Criteria
CO1	Quizzes, concept-based questions, case discussions
CO2	KRA/KPI design exercises, goal-setting assignments, case analysis
CO3	Role plays, feedback/coaching simulations, PIP exercise
CO4	Appraisal simulation, case analysis, examinations/project
Integrated Course Outcome	Group/individual project and final examination

Pedagogy: The course will be delivered across 20 sessions of 90 minutes each, totaling 30 hours. It will integrate interactive lectures, business cases, KPI/KRA design workshops, simulations, role plays, appraisal and feedback exercises, group discussions, collaborative projects, presentations, flipped-classroom activities, and real-world HR applications. Emphasis will be placed on applying performance management concepts to managerial and HR situations.

Session Plan: The course will be covered across 20 sessions of 90 minutes each, totaling 30 hours. The course contents will be as under:

S. No.	Topic	Pre-Class Learning Resources (Approx. 15–20 min)	Pedagogy
1	Foundations of Performance Management: scope, significance and advantages	Short reading on PM vs appraisal	Interactive lecture + diagnostic discussion
2	Evolution from Performance Appraisal to Performance Management; PM cycle	Concept note / short video	Timeline activity + mini case
3	Strategic importance of PMS; organizational structure and its influence	Brief case on strategy-performance alignment	Case discussion + mapping exercise
4	Roles of HR, managers and employees in PMS	Role overview reading	Stakeholder mapping + discussion
5	Job descriptions and defining performance	Sample job description	Job-to-performanc e workshop
6	KRAs and KPIs	Sample KRA/KPI sheet	KRA/KPI design workshop
7	SMART goals and performance standards	Goal-setting reading	SMART goal rewriting exercise
8	Competency mapping	Introductory competency framework	Competenc y mapping activity
9	Results vs behaviour measures; Critical Success Factors	Short measurement note	Scenario classificatio n + discussion
10	Balanced Scorecard and gathering performance information	Balanced Scorecard overview	Scorecard mapping exercise
11	Continuous performance monitoring	Short article on continuous PM	Case analysis + monitoring plan
12	Feedback techniques and performance conversations	Feedback model reading/video	Feedback role play
13	Coaching and mentoring for performance	Coaching vs mentoring note	Coaching simulation
14	Performance counselling and corrective actions	Workplace scenario	Counselling role play
15	Performance Improvement Plans (PIPs) and employee development	Sample PIP	PIP design workshop
16	Performance appraisal methods	Appraisal methods overview	Method-selection case
17	Employee assessment systems and 360-degree feedback	360-feedback reading	Assessment design activity
18	Rating errors, biases, calibration and documentation	Short bias scenarios	Calibration simulation
19	Team performance evaluation and performance-linked rewards: overview	Team-performance case	Team evaluation exercise + discussion

20	Legal and ethical issues in performance management; course integration	Short ethics/legal case	Case discussion + integrative review

Recommended Text Book:

- Aguinis, H. Performance Management. Chicago Business Press
- Armstrong, M. Armstrong's Handbook of Performance Management. Kogan Page.

Reference Text Books/Resources (Journals, Internet Websites):

- Pulakos, E. D. Performance Management: A New Approach for Driving Business Results. Wiley-Blackwell.
- Harvard Business Review articles on performance management, feedback and coaching; SHRM and CIPD practitioner resources; selected contemporary cases and research articles provided by the faculty.

Course Evaluation:

Evaluation is a continuous process at SoIM. Students will be given individual/group projects and assignments involving performance planning, KPI/KRA design, feedback and appraisal applications. Keeping in line with continuous evaluation at SoIM, the evaluation scheme is as follows:

Areas	Weightage
(I) Continuous Evaluation: *(Quizzes: 10 Marks, Assignments, Group/Individual Projects: 30 Marks*	40%
(II) Mid Term Examination	20%
(III) Final Examination	40%
Total	**100 %**
