Gateway to Japan - Essential Japanese Skills

In the course Gateway to Japan: Essential Japanese Skills, students will learn basic Japanese language skills necessary for daily communication, such as greetings, self-introduction, asking for directions, shopping, and exchanging simple information. In addition, they will explore Japanese culture, etiquette, and communication styles, helping them better understand social behaviors in both academic and everyday life in Japan.

Calligraphy Class - Ink Your Creativity

Calligraphy Class: Ink Your Creativity is a cultural workshop led by a professional calligraphy expert, where students will experience the beauty of traditional Japanese writing. Through hands-on practice, they will learn brush techniques, character balance, and artistic expression, allowing them to appreciate calligraphy as both an art form and a reflection of Japanese culture.

This activity also allows students to explore the depth of Japanese culture, where each brushstroke reflects discipline, precision, and the creative spirit of Japan.

Immersion into Global Careers

The "Immersion into Global Careers: Case Study from Vietnam to the World" program is an industry visit, where students will explore how a leading Vietnamese technology company has successfully expanded into the global market. During this visit, students will engage in a dialogue with an Automotive expert to learn about global automotive technology trends, career opportunities in engineering and technology, and how Vietnamese professionals contribute to international projects. This experience offers students valuable insights into global career pathways and inspires them to envision their future in a globalized world.

Sustainability in Action - Kashiwa Smart City Visit

The “Sustainability in Action: Kashiwa Smart City Visit” offers students an immersive experience exploring Japan’s model for sustainable urban innovation. The visit includes key locations such as KOIL, Kakedashi Yokocho, KOIL Link Garage, KOIL TERRACE, KOIL Mobility Field, Kashiwa-no-ha Smart Center, and A-Shi-ta, Kashiwa-no-ha Data Platform. Through these visits, students will learn how advanced technology, green infrastructure, and data-driven systems are integrated to create a smart, eco-friendly city. A special highlight of the program is the opportunity to test drive a self-driving bus, allowing students to experience the future of smart mobility firsthand.

Global Company Visit

Global Company, this visit offers students a valuable chance to explore real-world business environments in Japan. Through company tours and talks with industry professionals, students gain practical insights into global business operations, innovation, and cross-cultural collaboration. The experience helps bridge classroom knowledge with industry practice, preparing students for future international careers.

Asakusa Visit - Kimono Experience

Asakusa Located in the heart of Tokyo, Asakusa is one of the city’s most historic and vibrant districts, famous for Senso-ji Temple, Tokyo’s oldest Buddhist temple. The area preserves the charm of old Tokyo with its traditional streets, local shops, and food stalls, offering visitors a glimpse into Japan’s cultural past.

The Kimono is Japan’s traditional attire, representing elegance and the essence of Japanese culture. Made from fine fabrics with intricate patterns, it is often worn during festivals and special occasions. During the visit, students will have the opportunity to wear kimono and experience this unique aspect of Japanese tradition.

Mount Fuji Excursion

The Mount Fuji Excursion offers students a unique cultural and natural experience as they explore Japan’s most iconic landmark, Mount Fuji. The trip provides breathtaking scenery, visits to nearby attractions, and an opportunity to appreciate the beauty and cultural significance of Japan. It also helps students strengthen teamwork, cultural understanding, and relaxation after academic activities.
