AuraWeave Boutique – Investor Pitch Summary

Presented by: Gnaneshwari Mahimaluru

1. Business Overview

AuraWeave Boutique is a modern fashion brand offering customized ethnic and fusion wear for young professionals. The brand integrates personalization, digital styling consultation, and fast delivery.

2. Problem Statement

Customers struggle to find affordable, personalized fashion with high-quality design and fast delivery. Traditional boutiques are expensive and slow, while online brands lack customization.

3. Our Solution

- Customized boutique designs
- Digital styling consultations
- Efficient supply chain for fast delivery
- Trend-based fashion collections

4. Products & Services

- Designer sarees with modern aesthetics
- Fusion wear for office and casual occasions
- Fully customized outfits
- Premium styling consultation packages
- Online ordering platform

5. Target Market

Urban women aged 20–40, especially working professionals in metro cities who are fashion-conscious and digitally active.

6. Business Performance

- Initial customer base through local outreach
- Growing social media engagement
- Positive feedback from early customers
- Repeat customers and referrals

7. Revenue Model

- Direct product sales
- Customization fees
- Premium styling packages
- Online boutique store sales

8. 5-Year Financial Projections

Year 1: Revenue ■30 Lakhs | Profit ■5 Lakhs

Year 3: Revenue ■1 Crore | Profit ■20 Lakhs

Year 5: Revenue ■5 Crores | Profit ■1 Crore

9. Funding Requirement

Seeking ■50 Lakhs seed funding for:

- Inventory and production (40%)

- Marketing and branding (25%)

- Technology platform (20%)

- Store setup and expansion (15%)

10. Business Valuation

Current valuation: ■5 Crores based on projected growth, market potential, and scalability.

11. Exit Strategy

Investors can exit via acquisition by fashion brands or e-commerce platforms, or through IPO if the brand scales nationally.

Conclusion

AuraWeave Boutique combines fashion, personalization, and digital convenience, creating a scalable fashion-tech business model.
