School of Innovation and Management (SoIM)

Post Graduate Diploma in Management (PGDM)

Course Outline | **PGDM (2024-26)** | **Trimester – IV**

Course Code:	Course Name: Compensation and Reward Management through Analytics	Course Credits: 3

Faculty: Ms.K.L.Revathi
Email.ID: revathi.kl@soim.edu.in

Course Coverage: This course provides a comprehensive understanding of compensation and reward management using data analytics. Students will explore traditional and modern compensation strategies, with a focus on leveraging data to make informed decisions, optimize reward systems, and align compensation with organizational goals.

Course Objectives:

- To provide students with a solid understanding of the principles and practices of compensation and reward management.
- To teach students how to leverage data analytics for designing and evaluating compensation systems.
- To enable students to use quantitative and qualitative data to make informed compensation decisions.
- To develop skills in benchmarking, pay equity analysis, and aligning reward systems with organizational goals.
- To prepare students to handle legal and ethical issues in compensation management effectively.

Course Learning Outcomes:

After completing the course, student should be able to: ***Five points for 1.5 Credit Course and Ten points for 3 Credit course***

1. Understand the principles of compensation and reward management.
2. Utilize data analytics tools to design and evaluate compensation structures.
3. Analyze compensation data to make informed decisions about reward systems.
4. Develop compensation strategies that align with organizational goals and performance objectives.
5. Conduct market benchmarking and pay equity analysis.

Assessment Tools for Learning Outcome:

Learning Outcome	Assessment Criteria
Students should know the principles of compensation and reward management.	Quiz ,class participation, mid and end-term exams
Students should be able to describe how to utilize data analytics tools to design and evaluate compensation structures.	Quiz ,class participation, mid and end-term exams
Students should know how to analyze compensation data to make informed decisions about reward systems.	Quiz ,class participation, mid and end-term exams
Students should be able to describe how to develop compensation strategies that align with organizational goals and performance objectives.	Quiz ,class participation, mid and end-term exams
Students should know how to conduct market benchmarking and pay equity analysis.	Quiz ,class participation, mid and end-term exams

Pedagogy: The course will covered across 20 session of 90minutes each, totaling 30 hours. The course will conduct through interactive sessions to cover the conceptual aspects and to impart Lectures, Workshops, Group Projects, Flipped Classroom, Role-Playing Scenarios, Quizzes and Reflections.

Session Plan: The course will covered across 20 session of 90minutes each, totaling 30 hours. The course contents would be as under:

Session Plan			Pedagogy
S. No.	Topic	Pre-reading / Reference	
1	**Introduction to Compensation and Reward Management** • Introduction to the course • Overview of compensation • Reward management.	Chapter 1/ Reference sources	**Lecture, Discussion & Activity, also having**
2	**Theories and Principles of Compensation** • Fundamental theories underpinning compensation.	Chapter 2/ Reference sources	**Class Discussion, Case Studies**
3	**Components of Compensation Systems**	Chapter 3/ Reference sources	**Lecture, Discussion & Activity**
4	**Job Evaluation and Pay Structures** Methods for evaluating jobs and designing pay structures.	Chapter 4/ Reference sources	**Workshops, interactive exercises.**
5	**Data Analytics in Compensation Management.** Introduction to data analytics tools and their application.	Chapter 3/ Reference sources	**Lecture, Discussion & Activity**

6	**Designing Compensation Structures Using Analytics** • Utilizing data analytics to design compensation structures.	"Using Analytics for Compensation Design"- Case study	**Case studies, workshop.**
7	**Evaluating Compensation Structures** • Methods for evaluating compensation effectiveness.	Chapter 6/ Reference sources	**Lecture, Discussion & Activity**
8	**Performance Management and Rewards**	Chapter 7/ Reference sources	**Role playing activity, discussion**
9	**Analysing Compensation Data** Techniques for analysing compensation data.	Chapter 3/ Reference sources	**Lecture, Discussion & Activity**
10	**Developing Compensation Strategies** • Aligning compensation strategies with organizational goals.	Chapter 5/ Reference sources	**Lecture, Discussion & Activity**
MID-TERM EXAMINATION			
11	**Market Benchmarking and Competitive Pay Analysis** • Conducting market benchmarking to ensure competitive pay.	Chapter 8/ Reference sources	**Lecture, Discussion & Activity**
12	**Pay Equity and Legal Compliance** • Ensuring pay equity and understanding legal implications	"Pay Equity in Practice"	**Interactive Lecture, Case Study Discussion**
13	**Challenges in Compensation Management** • Emerging challenges and solutions.	"Top Challenges in Modern Compensation Management"	**Class debate, Interactive Lecture, Case Study Discussion**
14	**Non-Monetary Rewards and Employee Recognition** Designing effective non-monetary rewards and recognition programs.	Chapter 9/ Reference sources	**Lecture, Discussion & Activity**
15	**Implementing Compensation Strategies** Strategies for effective implementation.	Chapter 10/ Reference sources	**Lecture, Discussion & Activity**

16	**Trends in Compensation Management** • Latest trends and innovations	Chapter 10/ Reference sources	**Lecture, Discussion & Activity**
17	**Case Studies in Compensation Analytics** • Analysis of successful compensation strategies using analytics.	Data-Driven Compensation Strategies"	**Lecture, Discussion & Activity**
18	**Ethical Considerations in Compensation Management** • Exploring ethical issues in compensation.	Chapter 10/ Reference sources	**Lecture, Discussion & Activity**
19	**Preparing for the Final Project**	-	**Project**
20	**Preparing for the Final Project**	-	**Project**
END-TERM EXAMINATION
